

20260429 Satan is Trying to Lead You to Ruins

World, as I complete these Signs of the Procedure of Heaven, I am continuing to experience the ongoing and persistent use of spying technology and a group of criminals on the ground around my home to 'Lead' me to do this or to do that.

I want to help everyone understand that the 'secret' force that undeniably exists in our world is attempting to 'secretly' and 'mischievously' lead you to destroy your own life to their advantage.

That is the short version of a very long lesson that I have been forced to learn over the last 5 years.

As this all began, I was being led to believe that the Republican Party was attempting to nudge me in the right direction of joining their team - as if to say 'hey, go this way!' (and we will meet you there!)

None of that was true. After a while, I began to feel as if these steps were actually *hurting* my progress. This isn't helpful to me at all!

I was fighting against those 'nudges' to try to help (those people that are/were spying on my life) understand that their plan wasn't going to work for me.

As this has continued, I can confidently express to you that they are not trying to help me. They never were trying to help me.

At every step along the way, their intentions were to deceive me into believing that they were helping me while leading me to make all of the wrong decisions that would ruin my life.

I am taking the time, every day really, to help you all understand what type of very evil force exists in the world at this time.

Those people you see on TV? Those are slaves.

You think they are living a good life?

I am here to express to you that they are all either happily delusional inside the grip of the satan, or they are miserably aware of their truth inside of the grip of the satan.

Either way, you do not want to be there - that is not the place for humanity.

Our 'media' environment has been formed as a 'glass ceiling' over our life. In the historical books, it is the image of the 'Hebrew Universe'. It forms a bubble over us that re-imagines the stars of the sky to instead be formed by the 'stars' of the earth.

I hope that my work here will help you to look past the 'dim' stars of the earth and to correctly see the 'bright' stars of the sky.

Kindest regards,

Chris Noel Carlin
